Welcoming Tim and Anne Rose

Introduction of the Council to Tim and Anne Rose. Went around the room to introduce to the new members of the Council.

Direction of Council Going Forward

Addressing the time Fr Fogal spends working. Is there a need to review new Ministries every other year? Good job addressing key areas of Youth Ministries and Adult Faith Formation. How do we address the 50% of youth not involved in some kind of Faith Formation? We considered many ideas on how to look at the issue of lacking Faith Formation. Joyce will be working on projects in regards to attendance and we should work with her to move our Ministries forward. Having Adult and Child formation classes happening at the same time.

The Council should keep in mind all the things that we are doing well, but narrow our focus on how to become better. We should come up with a few key areas that we want to accomplish. Catholic participation among adults needs to be addressed, how do we confront it?

We will focus in the coming year on how to bring people back to Pax Christi.

Continuing Business

National Night Out

Without support for running this event, we have decided to end the event and see what our input is from the community.
